

# UBS® MODEL 227

## BALAZS® UBS® WHEEL KIT

Thank you for purchasing the BALAZS Universal Boxing Stand (UBS®). Please unpack everything and compare what you received with the Packing List below. If anything is missing or you have a question about these instructions, call us toll free at 1-888-466-6765. Please familiarize yourself with the instructions before beginning assembly or use.

Wheel Assembly

Star Knob

| Packing List |                |
|--------------|----------------|
| QTY          | Description    |
| 4            | Wheel Assembly |
| 4            | Star Knob      |

1. Attach a wheel assembly to each leg of the UBS by inserting the locating pin of the Wheel Assembly into the unthreaded hole of the leg and then secure by threading a Star Knob into the threaded hole and tightening. (Figure1)

2. Activate the wheels by rotating the cam lever up, and move the UBS as you desire. When located where you want, deactivate the wheels by rotating the cam lever down. Do not use the UBS (hit the bags) with the wheels activated. Add a drop of household oil to the cam lobe and wheel axles once in a while.
